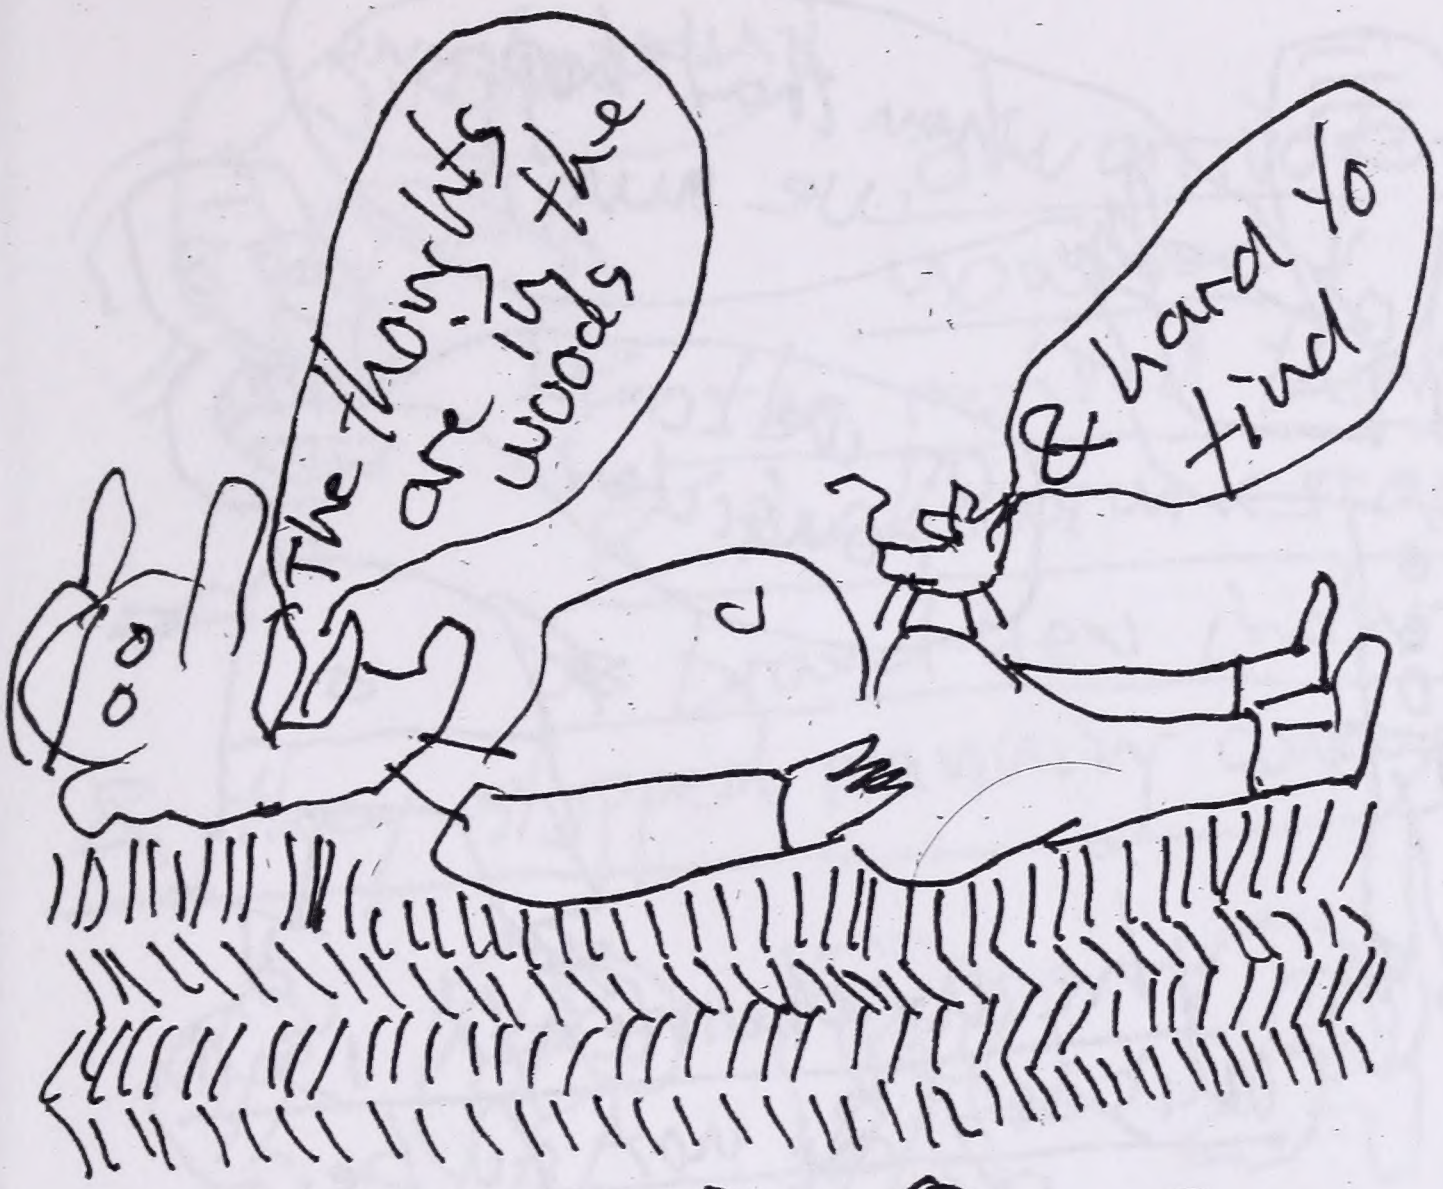
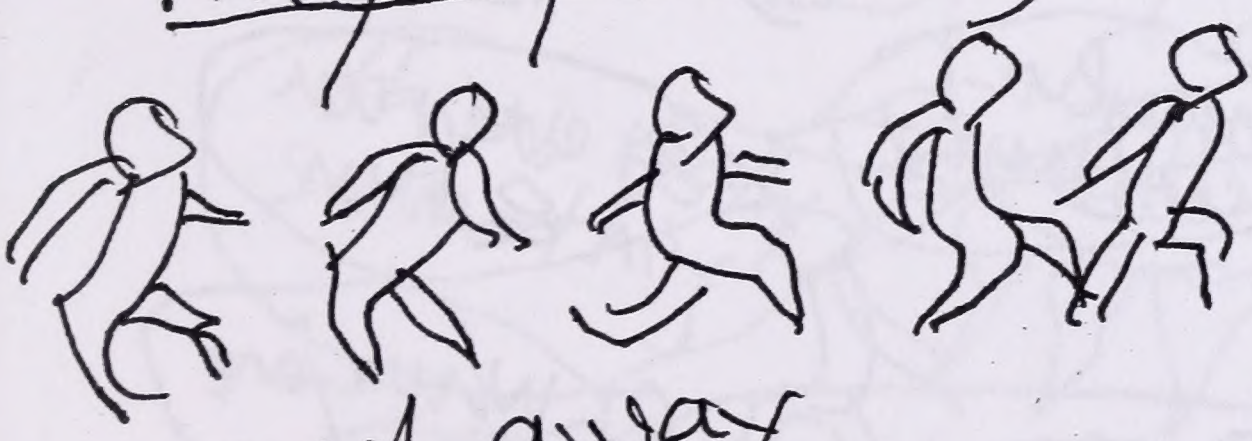
Listen!
The thinkers
run away!
they had enough!
1

we have a different opinion
we & you
did you paste up
why not
shit & stuff
they had enough
they ran away

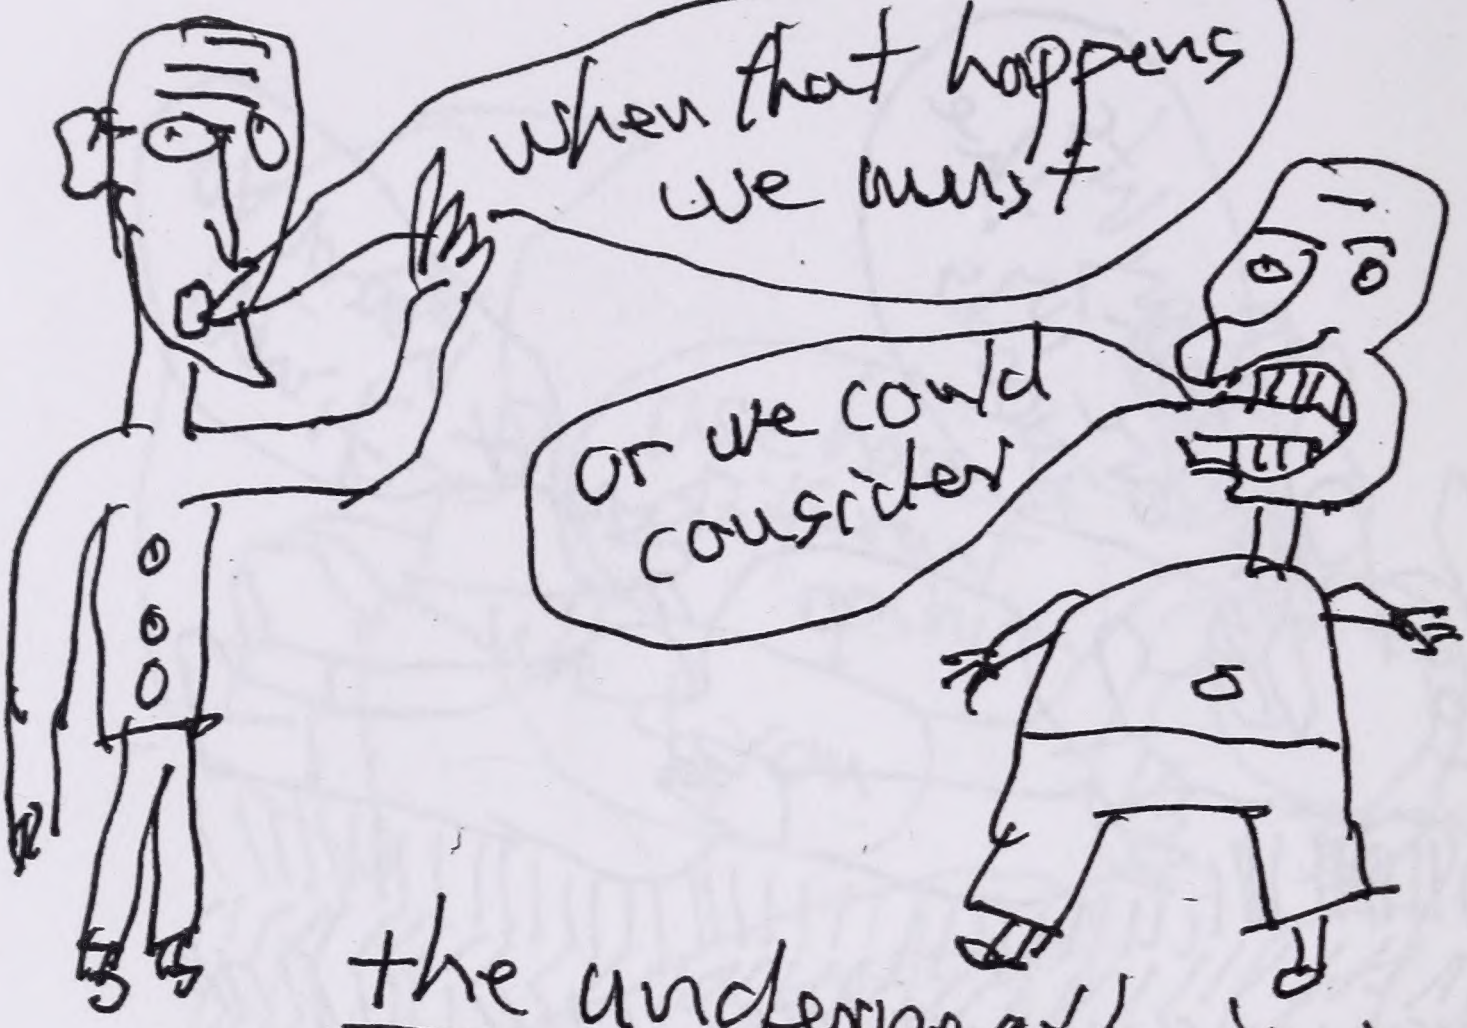


they kept running away

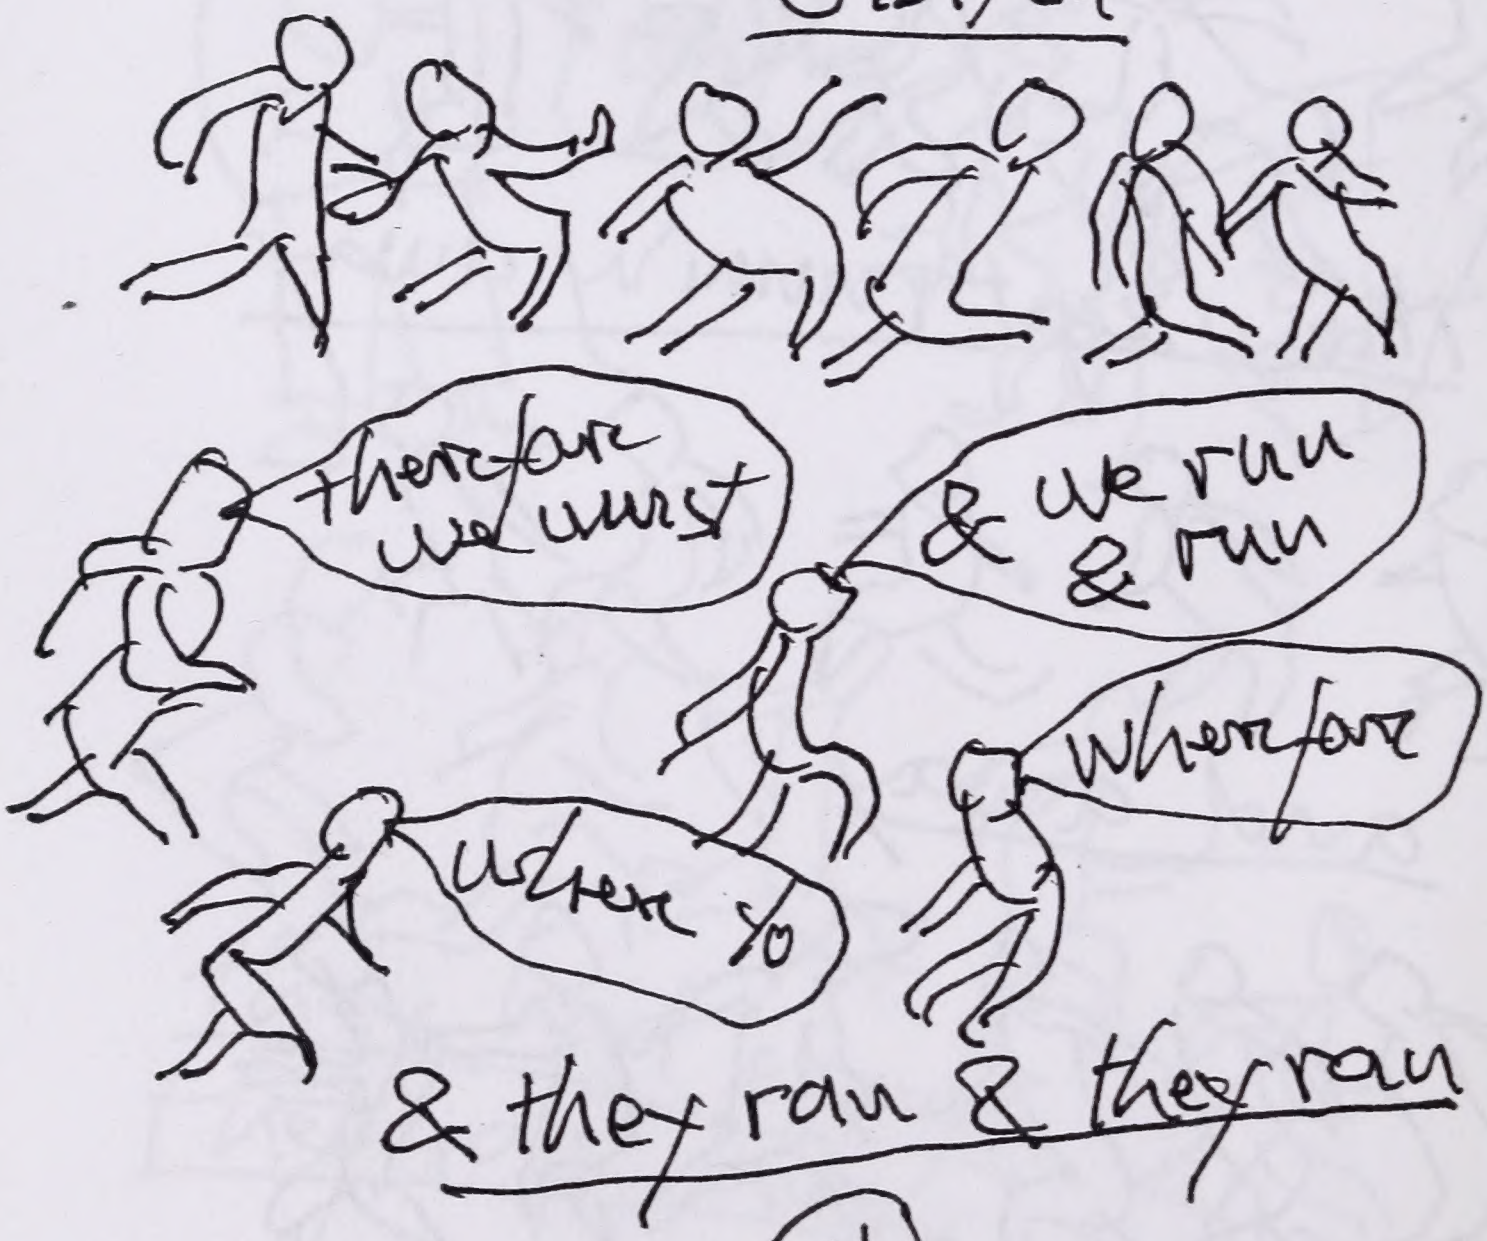


and away

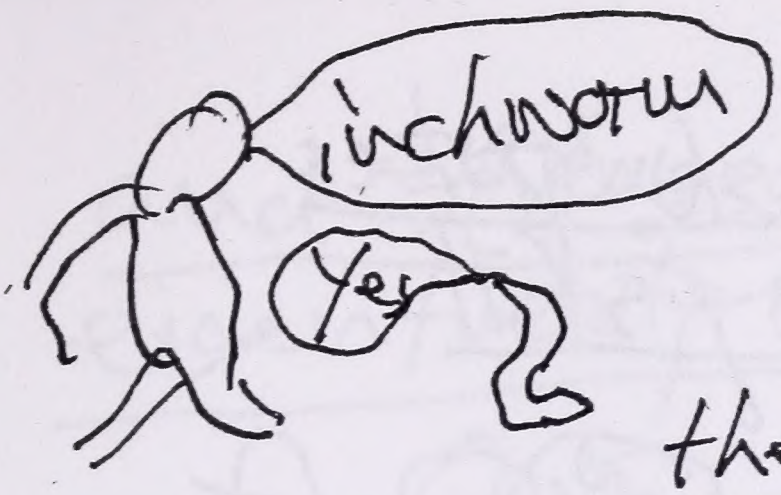
& further away



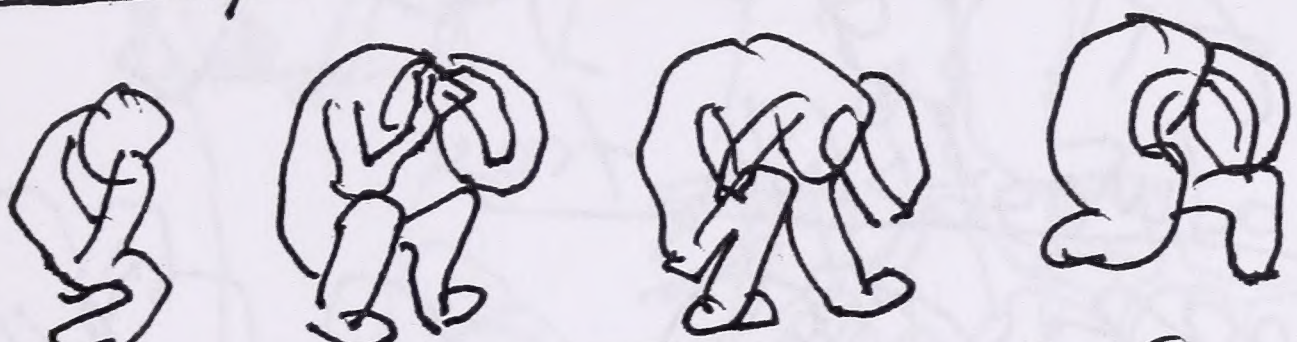
the underneath is in misery & not to be visited

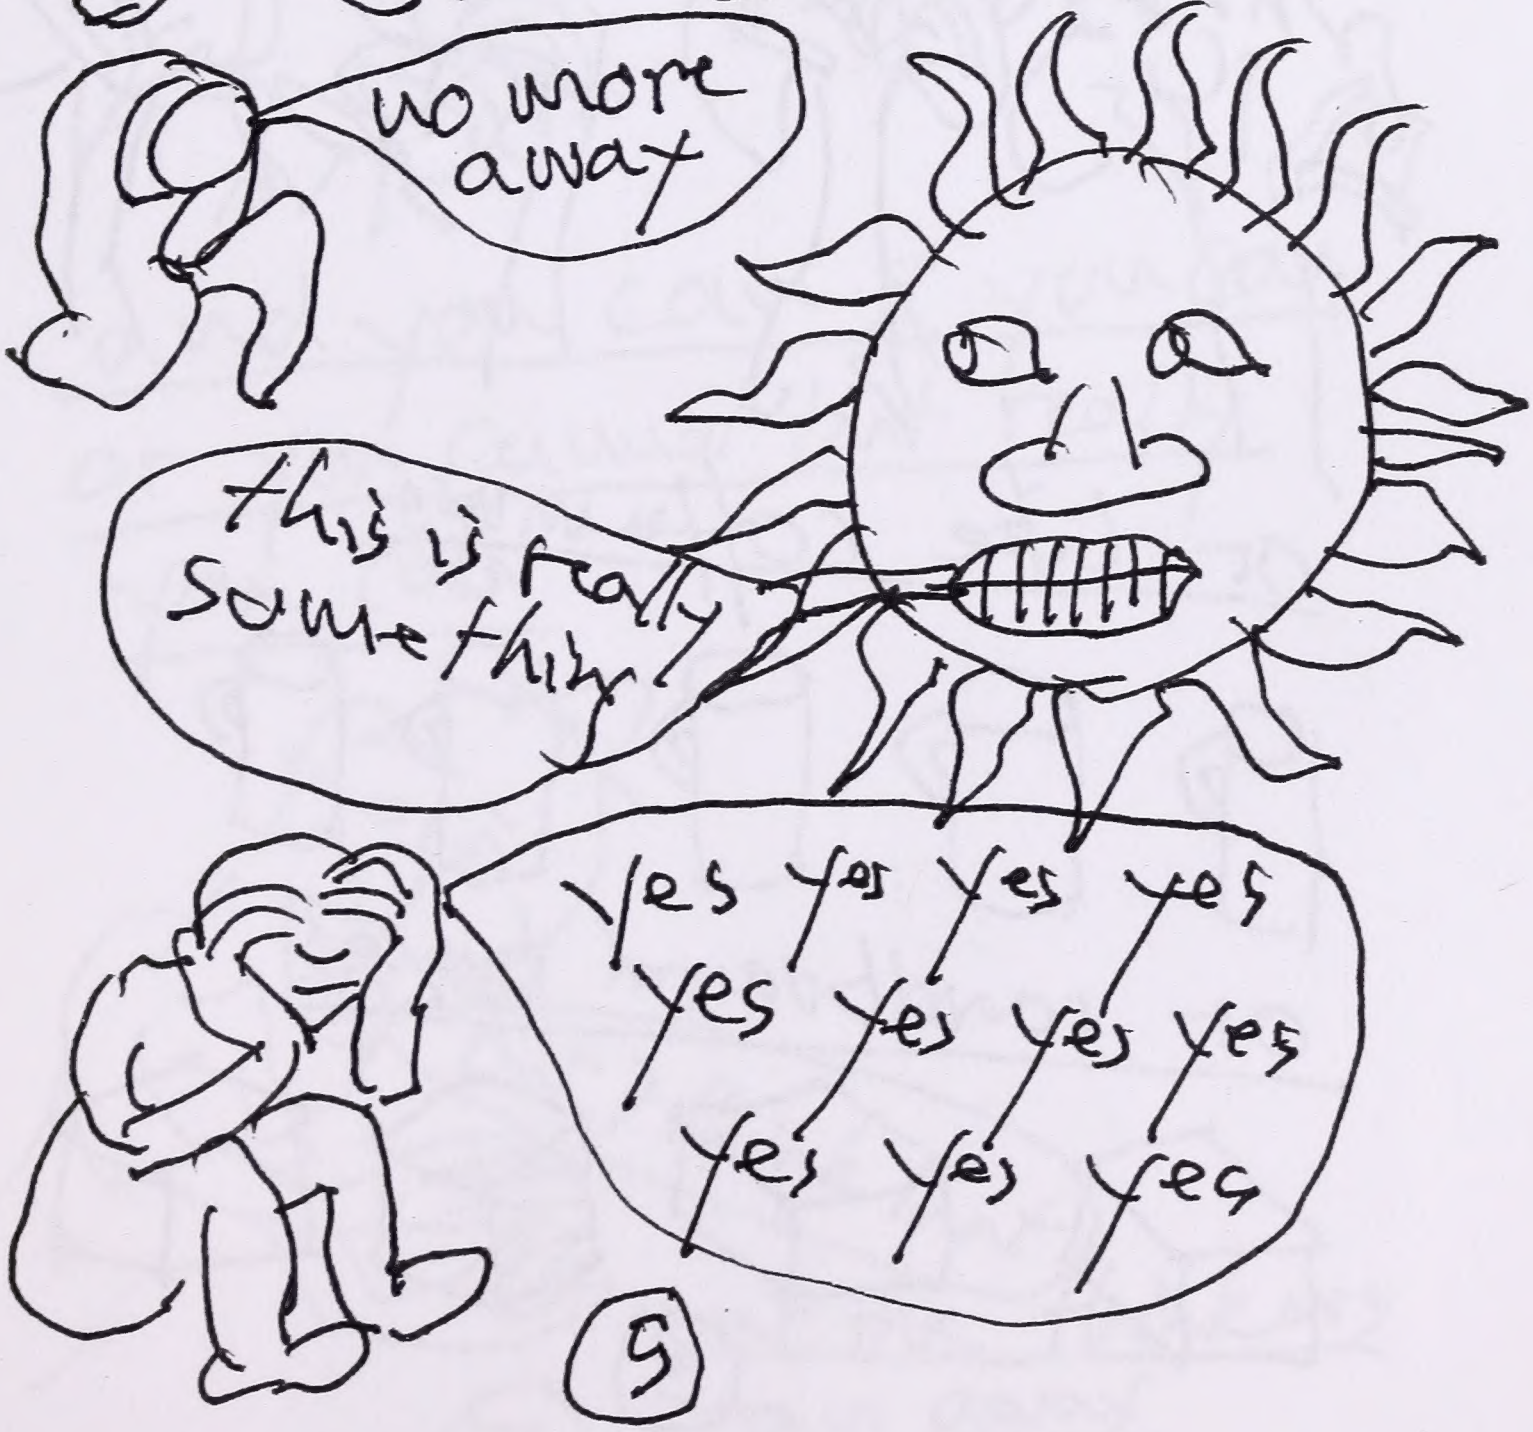


& they ran & they ran

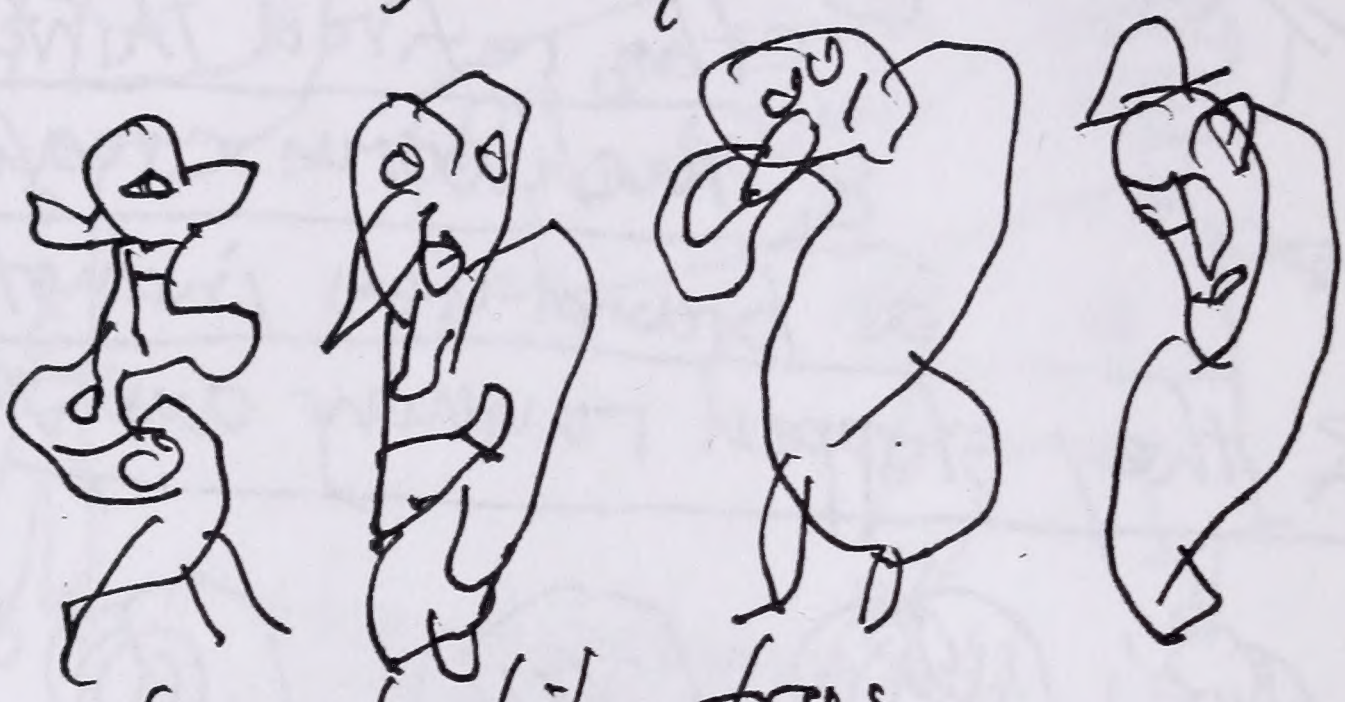


on arrival
nowhere
the retired thinkers
& inchworm created
a brand-new industry
& they stopped running away

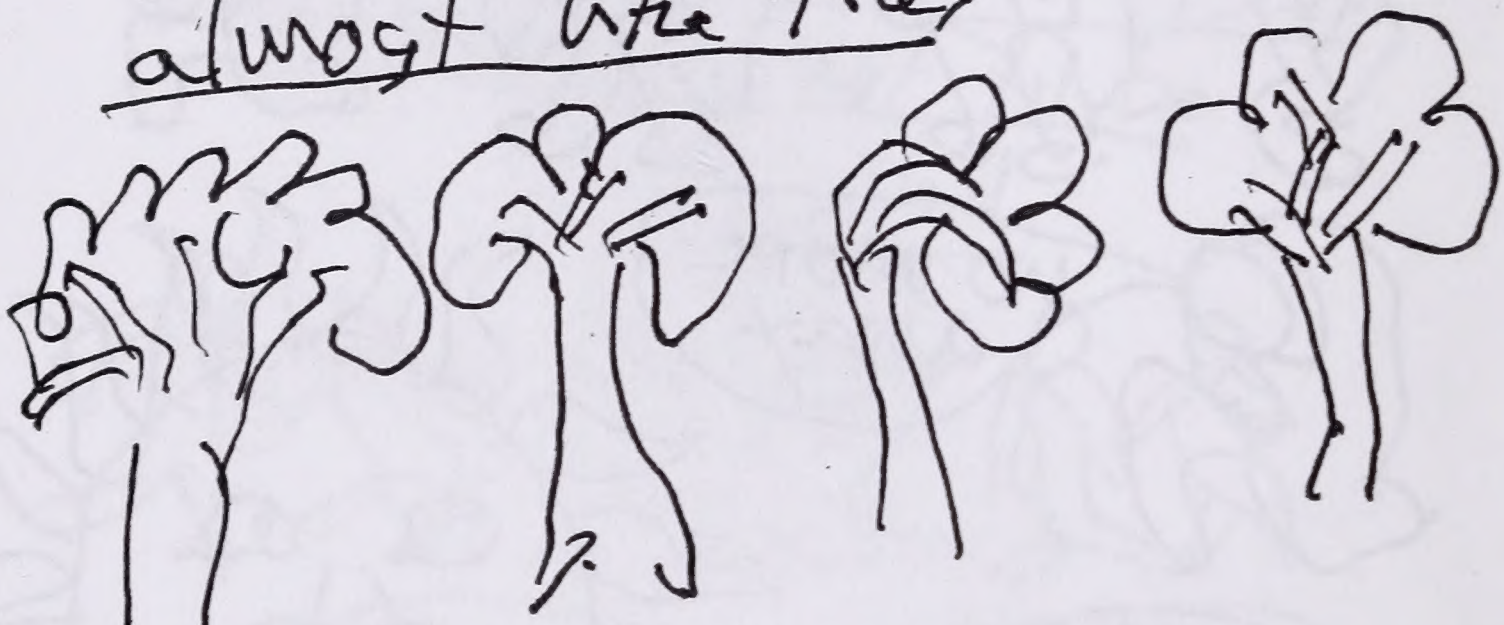




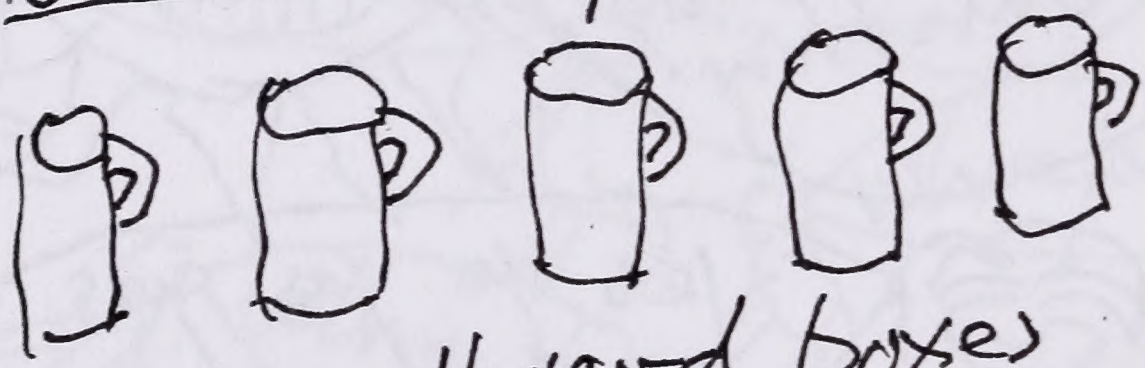
Elaborate slowpokes
standing very still



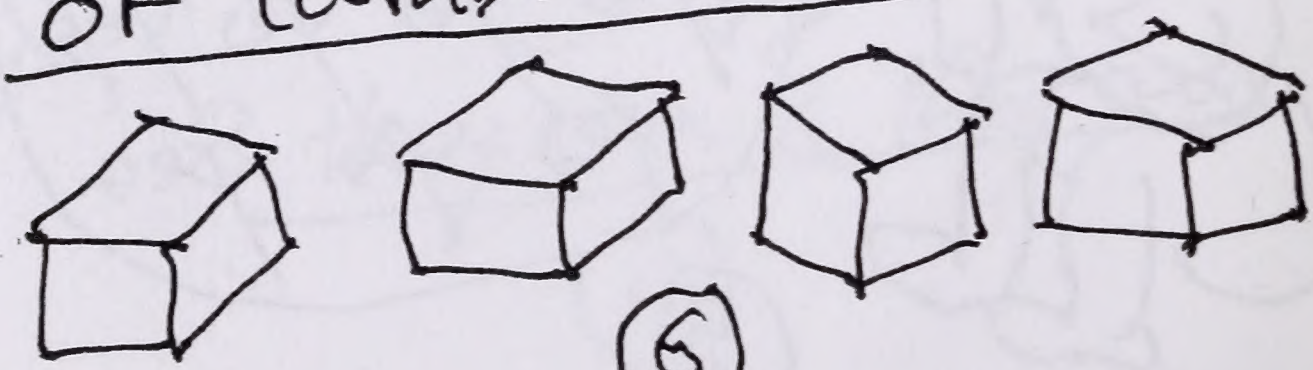
almost like trees



or like coffee mugs

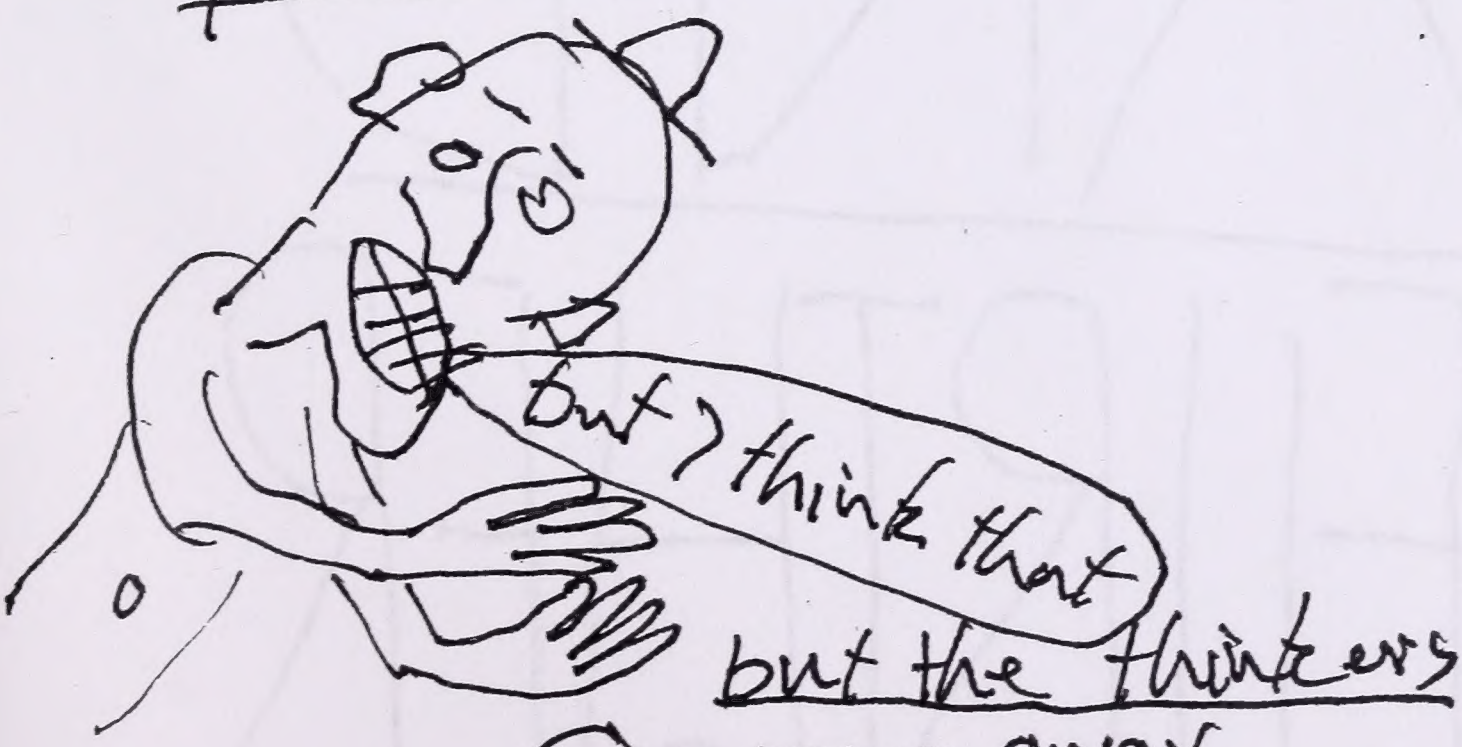


or cardboard boxes

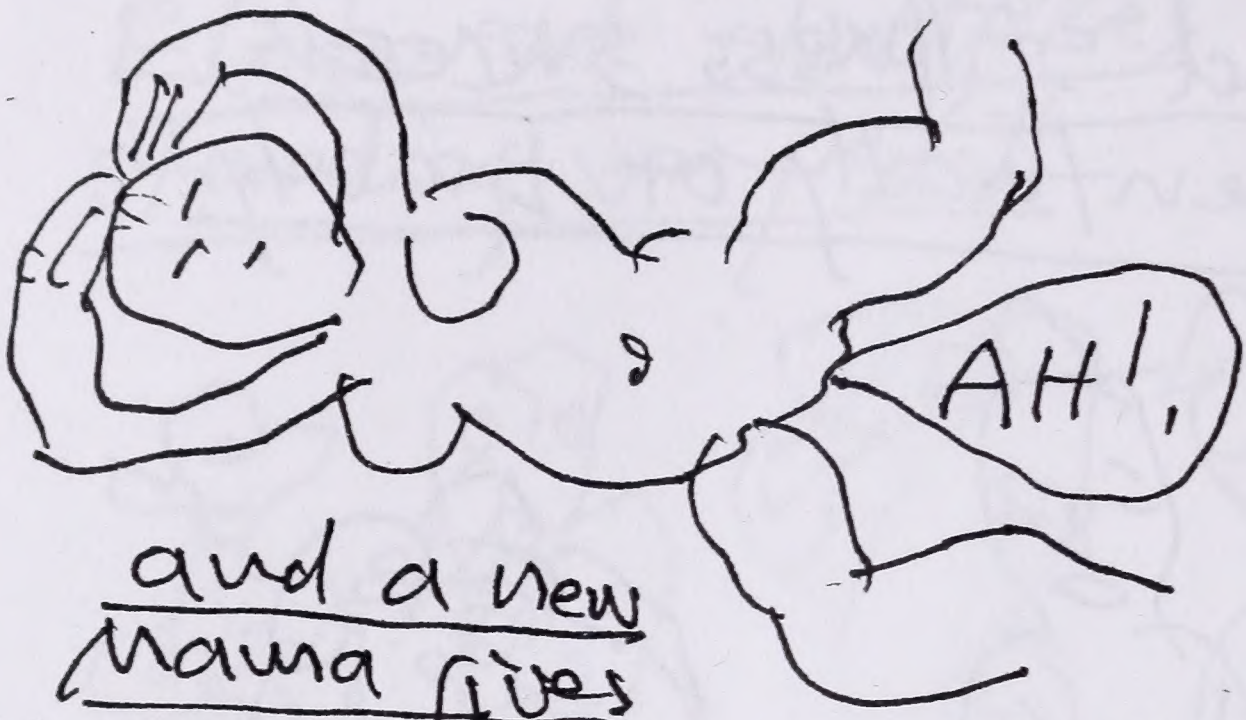


and stillness succeeds
eventually or bravely

and you can & you can
or you cannot but really
you can



but the thinkers
ran away



and a new mama gives birth to a new thought

AND NOW

FURTHER

AND

FURTHER
